		21-28 Celsius (70-79 Fahrenheit)
		EC
		1.5-2.1 in soil
		PH
		5.7-6.4
		PGR
		Dazide/B9

Early bloom,
easy
to grow

Mandevilla
Breeders Association

Mandevilla Breeders Association (MBA) is a Mandevilla breeding company which originates from a joint venture between two top quality producers (Topfpflanzen Hannen in Kleve, Germany and Heemskerk Plants in De Kwakel, the Netherlands) and breeder Agriom. This cooperation has resulted into the succesfull launch of the Summerstar® series.
